

VERTICAL STORAGE · BAR & TUBE STOCK

**INCREASE FLOOR SPACE.
STORE MORE AND ORGANIZE
BETTER.**

Modular vertical rack for steel tubing and bar stock. Removable pins on a 3" grid let you reconfigure pallet positions as your inventory mix changes — single or double-sided, 8 ft or 14 ft tall.

TECHNICAL SPECIFICATIONS

§ 03 · Engineering

Load capacity, standard (uniform)	5,000 LB	Configuration	SINGLE OR DOUBLE-SIDED
Load capacity, heavy-duty (uniform)	7,500 LB	Removable pins	YES
Pin spacing (vertical grid)	3"	Pallet depth (D)	44"
Pallet thickness	4"	Pallet widths (W)	144" / 240"

VERTICAL STORAGE

Triple your floor space.

Our metal tubing and bar stock rack system will optimize your floor space.

RECONFIGURABLE

Pins out. Reset in minutes.

All pins are removable — re-pitch shelves as your stock mix changes.

3" PIN GRID

Tight pitch for mixed stock.

Fine 3" vertical increments to nest tube, bar, and angle close together.

HEAVY-DUTY

Up to 7,500 lb per pallet.

Standard 5,000 lb uniform; upgrade to 7,500 lb for heavy bar stock.
